Website: www.sbccs.k12.ca.us

George Bowser, Principal

2010-11 School Accountability Report Card
Published During the 2011-12 School Year

Principal's Message

Bob Murphy County Community School is located in Rialto, California and primarily serves students from the Rialto Unified School District. In addition to ten classrooms, there is also a library, computer lab, Building Skills Vocational Class and Auto Shop. Students also participate in a variety of sports and extra-curricular activities including Basketball, Flag football, modeling club, and Student Council activities. Our mascot is the Bull Dog.

Bob Murphy County Community Day School provides education and related services to students who have been expelled from their home school or who have been referred by the Student Attendance Review Board (SARB) for non-attendance. Students may also be referred by the Probation Department and the San Bernardino County Children's Services Department.

The overall academic focus is to prepare students to return to their home school, pass the California High School Exit Exam, and/or enroll in other secondary programs. In addition to providing counseling to students in the areas of Anger Management, Drug/Alcohol, Gang Reduction, and Truancy Prevention, students may also complete community service at the site.

School Mission Statement

- A. It is our mission to help students:
- Earn and recover credits
 - Develop social skills
 - Learn with contextual variability
 - Successfully transition to district, and/or appropriate educational and/or vocational programs
 - Succeed in a culturally diverse society and become productive citizens
- B. It is our mission to help parents:
- Positively integrate themselves into the child's education via closer parent, teacher, counselor, and principal contacts
- C. As teachers, staff, administrators and counselors our mission is to:
- Provide a structured, safe environment conducive to learning
 - Educate, motivate, and challenge students to be successful
 - Offer students a second chance, helping them to realize their academic and social potential
 - Provide positive role models for youth
 - Provide extra-curricular, academic, and positive social activities

Parental Involvement

There are many opportunities for parent involvement. All parents attend an intake orientation when their student is initially enrolled. Open houses and parent nights are scheduled each semester at Bob Murphy County Community Day School.

Parents serve on the Bob Murphy School Site Council. Additionally, parents also volunteer as tutors in the classrooms. Parents attend quarterly awards assemblies that focus on Perfect Attendance, Honor Roll, and Exemplary Student Citizenship. Lastly, parents attend parent conferences and participate in Student Study Teams.

For more information on how to become involved, contact George Bowser, Principal, at (909) 421-7810.

San Bernardino County Office of Education

www.sbccs.k12.ca.us

Gary S. Thomas Ed.D.
Superintendent

Mission Statement

The mission of San Bernardino County Superintendent of Schools is to transform lives through education. Working in collaboration with school districts, other agencies, families and our community partners, we provide leadership, advocacy and services to ensure innovative, inspiring educational practices. This endeavor is essential to the quality of life and economic vitality of our communities.

San Bernardino County Superintendent of Schools Alternative Education provides all students with a safe and secure environment in which to pursue academic, personal and career goals through innovative instructional strategies.

In accordance with State and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

California Physical Fitness Test

Each spring, all students in grades 5, 7, and 9 are required to participate in the California Physical Fitness Test (PFT). The *Fitnessgram*® is the designated PFT for students in California public schools put forth by the State Board of Education. PFT measures six key fitness areas:

1. Aerobic Capacity
2. Body Composition
3. Flexibility
4. Abdominal Strength and Endurance
5. Upper Body Strength and Endurance
6. Trunk Extensor Strength and Flexibility

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the *Fitnessgram*®. The table shows the percentage of students meeting the fitness standards of being in the "healthy fitness zone" for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf/.

Percentage of Students Meeting Fitness Standards

Grade 7	
Four of Six Standards	18.8%
Five of Six Standards	18.8%
Six of Six Standards	0.0%
Grade 9	
Four of Six Standards	15.0%
Five of Six Standards	10.0%
Six of Six Standards	5.0%

School Facility Items Inspected

The table shows the results of the school's most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. The following is a list of items inspected.

- **Systems:** Gas Systems and Pipes, Sewer, Mechanical Systems (heating, ventilation, and air conditioning)
- **Interior:** Interior Surfaces (floors, ceilings, walls, and window casings)
- **Cleanliness:** Pest/Vermin Control, Overall Cleanliness (school grounds, buildings, rooms, and common areas)
- **Electrical:** Electrical Systems (interior and exterior)
- **Restrooms/Fountains:** Restrooms, Sinks/Drinking Fountains (interior and exterior)
- **Safety:** Fire Safety Equipment, Emergency Systems, Hazardous Materials (interior and exterior)
- **Structural:** Structural Condition, Roofs
- **External:** Windows/Doors/Gates/Fences, Playgrounds/School Grounds

School Facility Good Repair Status

This inspection determines the school facility's good repair status using ratings of good condition, fair condition, or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair, or poor condition. At the time of this school facility inspection, no deficiencies were found.

School Facility Good Repair Status			
Items Inspected	Repair Status	Items Inspected	Repair Status
Systems	Good	Restrooms/Fountains	Good
Interior	Good	Safety	Good
Cleanliness	Good	Structural	Good
Electrical	Good	External	Good
Overall Summary of Facility Conditions			Good
Date of the Most Recent School Site Inspection			08/03/2011
Date of the Most Recent Completion of the Inspection Form			08/03/2011

School Facilities

There are sufficient classroom, playground, and staff spaces to support teaching and learning.

Bob Murphy School was built in 2005 with ten classrooms, plus a computer lab, building skills classroom, athletic field, and multi-purpose room.

The general condition of the school is very good and the rooms are cleaned daily. As the school is six years old, plans are being made to have the school exterior painted.

Students are kept safe in classrooms through teacher, principal, and staff supervision.

The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2011-12 school year, the District budgeted \$941,789 for the Deferred Maintenance Program. This represents 3% of the District's general fund budget.

"Working in collaboration with school districts, other agencies, families and our community partners, we provide leadership, advocacy and services to ensure innovative, inspiring educational practices."

Textbooks and Instructional Materials

Textbooks are adopted annually from the most recent State-approved or local governing board approved list, and are consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education. Every student, including English Learners, has access to their own textbooks and instructional materials to use in class and to take home as appropriate to their IEP goals and objectives or course of study.

Textbooks and Instructional Materials List		
Subject	Textbook	Adopted
Reading-Language Arts	Houghton Mifflin <i>A Legacy of Literacy (K-6)</i>	2003
Reading-Language Arts	Prentice Hall <i>Literature (6-12)</i>	2002
Reading-Language Arts	Hampton-Brown: <i>High Point (EL and Intervention)</i>	1997
Mathematics	MacMillan/McGraw-Hill <i>California Mathematics: Concepts, Skills and Problem Solving (K-5)</i>	2009
Mathematics	Glencoe/McGraw-Hill <i>California Mathematics: Concepts, Skills and Problem Solving (6-7)</i>	2008
Mathematics	Glencoe/McGraw-Hill <i>California Mathematics: Concepts, Skills and Problem Solving, a Pre-Algebra Course (8)</i>	2008
Mathematics	Glencoe/McGraw-Hill <i>California Algebra I: Concepts, Skills and Problem Solving (8)</i>	2008
Mathematics	Holt, Rinehart and Winston: <i>Holt Geometry (9-12)</i>	2008
Mathematics	Holt, Rinehart and Winston: <i>Holt Algebra II (10-12)</i>	2008
Science	McGraw-Hill: <i>Science (K-6)</i>	2008
Science	Glencoe Science: <i>Focus on Life Science (7-8)</i>	2007
Science	Glencoe Science: <i>Focus on Physical Science (7-8)</i>	2007
Science	Glencoe Science: <i>Life's Structure and Function (9-12)</i>	2002
Science	Glencoe Science: <i>Human Body Systems (9-12)</i>	2002
Science	Glencoe Science: <i>The Changing Surface of Earth (9-12)</i>	2002
Science	Glencoe Science: <i>Waves, Sound and Light (9-12)</i>	2002
Science	Glencoe Science: <i>Ecology (9-12)</i>	2002
History-Social Science	MacMillan/McGraw-Hill: <i>California Vistas (K-6)</i>	2007
History-Social Science	Globe Fearon: <i>Pacemaker Curriculum, World History (7 & Intervention)</i>	2002
History-Social Science	Holt, Rinehart and Winston: <i>Holt World History: The Human Journey (7 & 10)</i>	2005
History-Social Science	Holt, Rinehart and Winston: <i>Holt American Nation, Full Volume (8 & 11)</i>	2005
History-Social Science	Steck Vaughn: <i>World Geography and You (9)</i>	2009
History-Social Science	Holt, Rinehart and Winston: <i>Holt American Government (12)</i>	2003
History-Social Science	Holt, Rinehart and Winston: <i>Holt Economics (12)</i>	2003

Availability of Textbooks and Instructional Materials

The following lists the percentage of pupils who lack their own assigned textbooks and instructional materials:

Bob Murphy CCDS	
Subject	Percent Lacking
Reading/Language Arts	0%
Mathematics	0%
Science	0%
History-Social Science	0%
Visual and Performing Arts	0%
Foreign Language	0%
Health	0%

Currency of Textbook Data

This table displays the date when the textbook and instructional materials information was collected and verified.

Bob Murphy CCDS	
Currency of Textbook Information	
Data Collection Date	08/2011

Quality of Textbooks

The following table outlines the criteria required for choosing the textbooks and instructional materials.

Bob Murphy CCDS	
Quality of Textbooks	Yes/No
Are the textbooks adopted from the most recent state-approved or local governing board approved list?	Yes
Are the textbooks consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education?	Yes
Does every student, including English Learners, have access to their own textbooks and instructional materials to use in class and to take home?	Yes

Student Enrollment by Group

Bob Murphy CCDS	
Socioeconomically Disadvantaged	17.8%
English Learners	11.9%
Students with Disabilities	20.8%

Class Size

Class size data is not available due to the nature of the programs offered.

Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (i.e., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents.

“The overall academic focus is to prepare students to return to their home school, pass the California High School Exit Exam, and/or enroll in other secondary programs.”

Enrollment and Demographics

The total enrollment at the school was 101 students for the 2010-11 school year.*

Suspensions and Expulsions

This table shows the rate of suspensions and expulsions (the total number of incidents divided by the school’s total enrollment) for the most recent three-year period.

	Suspension and Expulsion Rates					
	Bob Murphy CCDS			SBCOE		
	08-09	09-10	10-11	08-09	09-10	10-11
Suspension Rate	◇	◇	0.010	0.531	0.538	0.356
Expulsion Rate	◇	◇	0.000	0.001	0.000	0.000

Professional Development

During the 2010-11 school year, all staff had opportunities to participate in site-based staff development during after-school workshops, individual mentoring opportunities, and outside conferences in addition to all day Saturday training. Professional development focused on instructional strategies, enhancing the curriculum, safe practices, and classroom management. Teachers who needed to meet highly qualified status in specific content areas also participated in staff development focused on meeting those requirements: VPSS coursework, Autism Certification, and EL Certification.

For the 2008-09 school year, we dedicated two days for professional development. In 2009-10, there were no days, and in 2010-11, there were two days dedicated for professional development.

* Enrollment data was gathered from DataQuest and is accurate as of May 2011.

◇ Information not available.

STAR Results for All Students: Three-Year Comparison

The Standardized Testing and Reporting (STAR) results are evaluated and compared to state standards using the following five performance levels: **Advanced** (*exceeds state standards*); **Proficient** (*meets state standards*); **Basic**; **Below Basic**; and **Far Below Basic**. Students scoring at the Proficient or Advanced level meet state standards in that content area. The tables show the percentage of students that scored at Proficient or Advanced levels in English-language arts, mathematics, science, and history-social science.

Percentage of Students Scoring at Proficient or Advanced Levels

	Bob Murphy CCDS			SBCOE			California		
	08-09	09-10	10-11	08-09	09-10	10-11	08-09	09-10	10-11

◆ Information not available.

◆ Scores are not shown when the number of students tested is 10 or less, either because the number of students tested in this category is too small for statistical accuracy or to protect student privacy.

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program aims to identify strengths and weaknesses to improve student learning. STAR consists of several key tests that are designed for the student's age and individual needs. These tests include: the California Standards Test (CST), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA).

The CSTs are multiple choice tests in English-language arts, mathematics, science, and history-social science for varying grade levels. Some grade levels also participate in an essay writing test. The CSTs are used to determine students' achievement of the California Academic Content Standards. These standards describe the knowledge and skills that students are expected to learn at each grade level and subject.

The CMA is a modified assessment for students with disabilities who have an individualized education program (IEP). It is designed to assess those students whose disabilities prevent them from achieving grade-level proficiency on an assessment of the content standards with or without accommodations.

The CAPA is an alternate assessment for students with significant cognitive disabilities who are unable to take the CST with accommodations or modifications or the CMA with accommodations.

For more information on the STAR program including tests, participation, groups, and scores by grade level, please visit <http://star.cde.ca.gov/>.

API Testing

Assessment data is reported only for *numerically significant* groups. To be considered numerically significant for the API, the group must have either: (1) at least 50 students with valid STAR Program scores who make up at least 15% of the total valid STAR Program scores, or (2) at least 100 students with valid STAR Program scores.

API Ranks

Schools are ranked in ten categories of equal size, called deciles, from 1 (lowest) to 10 (highest) based on their API Base reports. A school's "statewide API rank" compares its API to the APIs of all other schools statewide of the same type (elementary, middle, or high school). A "similar schools API rank" reflects how a school compares to 100 statistically matched similar schools. This table shows the school's three-year data for statewide API rank and similar schools API rank, for which information is available.

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of the schools within California. API is measured on a scale from 200 to 1,000. This score reflects the school, district or a student group's performance level, based on the results of statewide testing. The state has set an API score of 800 as the statewide target.

The annual API reporting cycle consists of the Base and Growth API. The Base API data is released one year after testing occurs (i.e. The 2010 Base is calculated from results of statewide testing in spring 2010, but is not released until May 2011). Growth API, released following the Base API, calculates test results taken from the most recent school year (i.e. The Growth API is calculated from results of statewide testing in spring 2010 and released in August 2010). Therefore, for the 2010-2011 API reporting cycle, the 2010 Base indicator and 2011 Growth indicator are used.

To learn more about API, please visit the API information guide at www.cde.ca.gov/ta/ac/ap/documents/infoguide11.pdf and the API overview guide at www.cde.ca.gov/ta/ac/ay/documents/overview11.pdf.

◇ Information not available.

■ Data are reported only for numerically significant groups.

○ This school did not have a valid 2010 Base API and will not have any growth or target information.

Adequate Yearly Progress

The No Child Left Behind (NCLB) Act requires that all schools and districts meet Adequate Yearly Progress (AYP) requirements. California public schools and districts are required to meet or exceed criteria in these four target areas:

1. Participation rate on statewide assessments in English-language arts and mathematics
2. Percentage of students scoring proficient on statewide assessments in English-language arts and mathematics
3. API scores
4. Graduation rate for high schools

The table displays whether or not the school and district met each of the AYP criteria and made overall AYP for 2010-11. For more information, visit www.cde.ca.gov/ta/ac/ay/.

Adequate Yearly Progress Criteria				
	Bob Murphy CCDS		SBCOE	
Met Overall AYP	No		No	
AYP Criteria	English-Language Arts	Mathematics	English-Language Arts	Mathematics
Participation Rate	Yes	Yes	No	Yes
Percent Proficient	Yes	No	No	Yes
API	**		Yes	
Graduation Rate	▲		Yes	

Federal Intervention Program

Districts and schools receiving Title I funding that fail to meet AYP over two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate) can enter into Program Improvement (PI). Each additional year that the district or schools do not meet AYP results in advancement to the next level of intervention. This table displays the 2011-12 Program Improvement status for the school and district. For more information, please visit www.cde.ca.gov/ta/ac/ay/.

Federal Intervention Program		
	Bob Murphy CCDS	SBCOE
Program Improvement Status	Not In PI	In PI
First Year of Program Improvement	◇	2009-2010
Year in Program Improvement	◇	Year 3
Number of Schools Identified for Program Improvement	7	
Percent of Schools Identified for Program Improvement	77.8%	

- ** The API indicator for AYP cannot be determined when there are fewer than 50 valid test scores.
- ✖ Not applicable. The graduation rate for AYP criteria applies to high schools.
- ▲ The school is not required to meet the graduation rate criteria for AYP because there were fewer than 50 students in the graduation denominator (graduates plus dropouts).
- ◇ Not applicable.

Admission Requirements for California's Public Universities

University of California: Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work.

For general admissions requirements, please visit the UC Admissions Information Web page at www.universityofcalifornia.edu/admissions. (Outside source)

California State University: Eligibility for admission to the California State University (CSU) is determined by three factors:

- Specific high school courses
- Grades in specified courses and test scores
- Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the CSU Web page at www.calstate.edu/admission/admission.shtml. (Outside source)

Course Enrollment for UC/CSU Admission

UC/CSU courses are not offered at San Bernardino County Office of Education Schools. For more detailed information, please visit <http://dq.cde.ca.gov/dataquest/>.

"Home of the Bulldogs!"

Advanced Placement Courses

Advanced Placement Courses are not offered at San Bernardino County Office of Education Schools.

Career Technical Education Programs

Bob Murphy County CDS partners with local districts to offer ROP classes for students who are not expelled. However, the school does not offer CTE classes within the school alone.

Types of Services Funded

Bob Murphy County CDS provides services through the use of Title I and other categorical funding sources. These funds enable the school to provide after school tutoring, transportation assistance to improve attendance, conduct home visits, and provide supplemental materials in the classroom to ensure all students have additional access and support to needed instruction.

Completion of High School Graduation Requirements

This table shows the percentage of students (who began the 2010-11 school year in the 12th grade) who met all local graduation requirements for receiving a high school diploma including having passed both the English-language arts and mathematics portions of the CAHSEE or received a local waiver or state exemption. Please note state results are not available. For more information, please visit www.cde.ca.gov/ta/tg/hs.

Completion of High School Graduation Requirements		
Group	Graduating Class of 2011

California	52%	54%	59%	53%	54%	56%

California High School Exit Exam Results

The California High School Exit Exam (CAHSEE) is primarily used as a graduation requirement in California. Students are first tested in tenth grade and have multiple chances to retake the test if the student does not pass the first time. The grade 10 results of this exam are also used to determine AYP for high schools as required by the federal NCLB law. The CAHSEE has two sections: English-language arts and Math. For the purposes of calculating AYP, three performance levels were set: Advanced, Proficient, and Not Proficient.

CAHSEE Results by Student Group: English-Language Arts and Mathematics

This table displays the percentage of students, by group, achieving at each performance level in English-language arts and mathematics for the most recent testing period.

Percentage of Students Achieving at Each Performance Level

Group	English-Language Arts			Mathematics

Resource Specialist (non-teaching)	1.0

NCLB Note: High-poverty schools are defined as those schools with student participation of approximately 75% or more in the free and reduced priced meals program. Low-poverty schools are those with student participation of approximately 25% or less in the free and reduced priced meals program.

Teacher Qualifications

This table shows information about teacher credentials and teacher qualifications. More information can be found by visiting <http://data1.cde.ca.gov/dataquest/>.

Teacher Credential Information				
	SBCOE	Bob Murphy CCDS		
Teachers	10-11	08-09	09-10	10-11
With Full Credential	331	◇	◇	◇
Without Full Credential	5	◇	◇	◇
Teaching Outside Subject Area of Competence		◇	◇	◇

Teacher Misassignments and Vacant Teacher Positions

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester). Please note: Total teacher misassignments includes the number of misassignments of teachers of English Learners.

Teacher Misassignments and Vacant Teacher Positions			
	Bob Murphy CCDS		
	09-10	10-11	11-12
Teacher Misassignments of English Learners	◇	◇	0
Total Teacher Misassignments	◇	◇	0
Vacant Teacher Positions	◇	◇	0

No Child Left Behind Compliant Teachers

NCLB requires that all teachers of core academic subject areas be "highly qualified." In general, for a teacher to be considered highly qualified, they must have a bachelor's degree, an appropriate California teaching credential, and have demonstrated competence for each core subject he or she teaches. The table displays data regarding NCLB compliant teachers from the 2010-11 school year. For more information on teacher qualifications related to NCLB, please visit www.cde.ca.gov/nclb/sr/tg.

No Child Left Behind Compliant Teachers		
	Percent of Classes in Core Academic Subjects	
	Taught by NCLB Compliant Teachers	Taught by Non-NCLB Compliant Teachers
Bob Murphy CCDS	◇	◇
All Schools in District	91.89%	8.11%
High-Poverty Schools in District	91.89%	8.11%
Low-Poverty Schools in District	◇	◇

◇ Not applicable.

◇ Information not available.

Financial Data

The financial data displayed in the SARC is from the 2009-10 fiscal year. The most current fiscal information available provided by the state is always two years behind the current school year, and one year behind most other data included in this report. For more detailed financial information, please visit www.cde.ca.gov/ds/fd/cs and www.cde.ca.gov/ds/fd/ec.

District Financial Data

This table displays district teacher and administrative salary information and compares the figures to the state averages for districts of the same type and size based on the salary schedule. Note the district salary data does not include benefits.

District Salary Data		
Category	SBCOE	Similar Sized District
Beginning Teacher Salary	◇	◇
Mid-Range Teacher Salary	◇	◇
Highest Teacher Salary	◇	◇
Average Principal Salary	◇	◇
Superintendent Salary	◇	◇
Teacher Salaries — Percent of Budget	◇	◇
Administrative Salaries — Percent of Budget	◇	◇

Financial Data Comparison

The following table displays the school's per pupil expenditures from unrestricted sources and the school's average teacher salary and compares it to the district and state data.

Financial Data Comparison		
	Expenditures Per Pupil From Unrestricted Sources	Annual Average Teacher Salary
Bob Murphy CCDS	\$0	\$66,771
SBCOE	\$12,753	\$69,598
California	\$5,455	\$70,570
School and District — Percent Difference	*	-4.2%
School and California — Percent Difference	*	-5.7%

◇ Information not available.

* A percentage cannot be calculate when one of the number is 0 (site unrestricted sources per pupil).

Data for this year's SARC was provided by the California Department of Education (CDE), school and district offices. For additional information on California schools and districts, please visit DataQuest at <http://data1.cde.ca.gov/dataquest>. DataQuest is an online resource that provides reports for accountability, test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English Learners. Additionally, Ed-Data in partnership with the CDE, provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools. More information can be found at www.ed-data.k12.ca.us/Pages/Home.aspx.

All data accurate as of December 2011.

School Financial Data

The following table displays the school's average teacher salary and a breakdown of the school's expenditures per pupil from unrestricted and restricted sources.

School Financial Data	
Bob Murphy CCDS	
Total Expenditures Per Pupil	\$27,598
Expenditures Per Pupil From Restricted Sources	\$27,598
Expenditures Per Pupil From Unrestricted Sources	\$0
Annual Average Teacher Salary	\$66,771

School Safety

The School Safety Plan was reviewed with all staff in August, 2011 and is discussed at each monthly staff meeting. The plan consists of procedures to be used in the event of emergencies including the school wide Lock Down policy. A crisis intervention team consisting of staff that have been trained to deal with crises is also incorporated in the plan. The schedule and procedure for fire drills, earthquake drills, and other natural disasters is also addressed in the plan.

Information on suspensions, expulsions, safety and supervision was also provided to all staff in September, 2011.
