2017-20 Plan Summary

THE STORY
Briefly describe the students and community and how the LEA serves them.

Oro Grande Elementary School District educates around 105 students per year in grade transitional kindergarten to the sixth grade.
Oro Grande is a small community located in the High Desert in Southern California. The population of Oro Grande is 1,064.
The main industry in Oro Grande comes from a large cement factory located near the elementary school. Most residents travel to other areas of the high desert for employment.
The Oro Grande Elementary unduplicated percentage is 92%.
The English Language Learner population is 37% of students (all EL students’ primary language is Spanish)

The Oro Grande Elementary School District also operates two large charter schools. Riverside Preparatory School and Mojave River Academy provide additional opportunities for Oro Grande students. These two schools provide program that continue through the 12th grade.
LCAP HIGHLIGHTS
Identify and briefly summarize the key features of this year’s LCAP.

The Oro Grande Elementary School will prepare the next generation. Students who are not meeting grade level standards will be supported through intervention and all students will have access to standards aligned rigorous curriculum and instruction (Goal 1 Action 1.1-1.2)

Teachers will participate in rigorous, California State Standard curriculum centered professional development. This professional development will be research based and focus on educating all students. (Goal 3 Action 3.1)

Our students will be introduced to a wide variety of classes, mentors and technology that ensure that every student’s educational need is met for college and/or career. All students will be exposed to the visual and performing arts to provide a culturally balanced education. (Goal 4 Action 4.1)

Our families will be a part of the overall educational experience and will have opportunities to engage and seek support from the school. (Goal 2 Action 2.1-2.2)

REVIEW OF PERFORMANCE

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

GREATEST PROGRESS

The suspension and expulsion rates for Oro Grande Elementary are very low as indicated in the CA Dashboard- there is an increase in the 2017-17 school year.

The chronic absenteeism rates fell to 13% in 2016-2017. Administration at the school site had regular student and family meetings to address the importance of regular attendance. Attendance contracts and letters were sent to all students monthly who were approaching or exceeding chronic rates.

Reclassified 10% of our English Language Learners. All teachers met regularly with the Coordinator of English Language Development. These collaborations focused on individual EL student progress along with instructional strategies and professional development on newly adopted ED curriculum.

As these actions and intervention strategies have proven successful, the district will continue in this direction for further improvement with student success.
Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

**GREATEST NEEDS**

English Language Arts CAASSP scores in the CA Dashboard indicate that students are performing 75.8 points below level 3 in English Language Arts and 87.8 below 3 in mathematics.

The structure of professional development will be changed in the upcoming school year. Professional development will continue to focus on California State standards and intervention strategies. Additional time in professional development will include vertical articulation along with administrative goals and objectives in walkthroughs. (Goal 3)

Teachers and administrators will be implementing targeted growth points for students. (Goal 3)

Intervention classes will increase in the 2017-2018 school year. (Goal 1 Action 1.1)

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

**PERFORMANCE GAPS**

Socioeconomic Disadvantaged, 90 points below level 3 - “towards meeting standards (CAASPP), and Hispanic, 93 points below level 3 - “towards meeting standards (CAASPP), students in mathematics. Socioeconomic Disadvantaged, 77.6 points below level 3 - “towards meeting standards (CAASPP), and Hispanic 84.4 points below level 3 - “towards meeting standards (CAASPP) students are in English Language Arts.

The LEA plans to utilize more professional development time to analyze student test scores (summative and formative), add detailed time for administration (and new walkthrough tools) and vertical articulation.

There will also be an increase of students who will participate in research-based intervention in reading and ELA. (Reading Intervention - System 44 and Read 180 classes increased by class at each grade level)
INCREASED OR IMPROVED SERVICES
If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

The Oro Grande Elementary school has an unduplicated population of 92%. The district will continue to look at researched based intervention and instructional practices that best serve socio-economically disadvantaged students and English language Learners-

Oro Grande School District will create increased learning opportunities for at risk and underperforming students by providing pull out reading instruction (for students who are reading below grade level and EL students and socio-economically disadvantaged students) (Goal 1. Action 1.1-2)

Oro Grande School District understands the importance of partnering with parents and communities to create opportunities for families to engage in learning with their students. The district will provide academic and social support to our unduplicated students and their families (Goal 2- Action 2.1-2.3)

#### INVOLVEMENT PROCESS FOR LCAP AND ANNUAL UPDATE

**How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?**

In embarking on the creation of this plan, Oro Grande School District aimed to seek substantive and thoughtful input for all stages of plan development:

**Stakeholder Meetings:**

- Community Superintendent Committee (parents and families of Oro Grande Elementary School District) February 12, 2017, May 3, 2017 – groups that were in attendance include; English language learners and socioeconomically disadvantaged. All parents are invited to these community meetings and increasing family/community participation is an ongoing concern for Oro Grande. Participants reviewed LCAP goals and the progression of goals, specifically reviewing state assessment data, local benchmarks (reading scores), Healthy Kids Survey data, school climate (parent and community participation in school activities) and district budget/expenditures.

- English Learner Advisory Committee (parents and families of students whom primary language is not English) April 25th, May 30, 2017

- School Site Council (specific to LCAP) April 25, 2017, May 30, 2017 - The English Learner Advisory Committee and School Site Council reviewed LCAP goals and the progression of goals, specifically reviewing state assessment data, local benchmarks (reading scores), Healthy Kids Survey data, school climate (parent and community participation in school activities) and district budget/expenditures. Both groups also reviewed and approved the Parent Involvement Compact and communication needs. The 2017 LCAP reflects needs discussed by these two groups.

- District Superintendent Committee (certificated staff (teachers and counselors) – teachers and counselors voted by fellow teachers participate in this committee. This was an opportunity for teachers/counselors to discuss school wide concerns. LCAP goals, budget and progress are discussed at each meeting.

- Management Retreats Committee (Certificated and Classified Management District and Site) - July 19, 2016 and February 12, 2017 (Oro Grande School District does not have an active Union) – Management reviewed strategic plan including test scores, LCAP goals, budget, and Instructional practices.
  - Date Public Hearing: June 7, 2017
  - Date of Approval: June 8, 2017

### IMPACT ON LCAP AND ANNUAL UPDATE

**How did these consultations impact the LCAP for the upcoming year?**
The district has provided many opportunities for all stakeholders to provide input and ask questions regarding the progress of LCAP and associated goals. After looking at district-wide data, all stakeholders agreed that more intervention is needed. The teachers and administrators also agreed that California State Standards professional development would be more relevant if presented in the same fashion Kindergarten through 12 grade (including the district charter schools) (Goal 3 and Goal 1)

Increasing parent and community participation in all areas of education is a vital concern for the community of Oro Grande. Providing opportunities for parents to participate in academic events (in primary language) will be focus in the 2017-18 school year (Goal 2)

After reviewing the data and analyzing the progress of the goals; all stakeholders agreed that resources should be allocated to move towards achieving and revising LCAP goals.

Demonstration of Increased or Improved Services for Unduplicated Pupils

| LCAP Year | 2017–18 | 2018–19 | 2019–20 |

**Estimated Supplemental and Concentration Grant Funds:** $257,942

| Percentage to Increase or Improve Services: | 31.04% |

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

The district is expected to receive approximately $281,688 in Supplement and Concentration Grant Funding in the 2017-2018 school year. In 2017-2018, the district plans to continue services provided to low income and the EL population. Oro Grande School District educates 92% population rate of low-income students. Due to the high population of this unduplicated population, programs offered are appropriate for the total LEA’s student population. Oro Grande School District provides an increased 8-hour day program to provide time for intervention programs for unduplicated students. These programs include intervention programs (instructional materials specifically targeted for the EL population (reading intervention materials), staffing and professional development for increased services for EL students and low-income populations (FTE for EL intervention program, and increased technology). A review of district needs and metrics, along with input from key stakeholders, helped the district determine the services – and the most effective use of Supplemental Grant funds.
Local Control and Accountability Plan and Annual Update Template Instructions

Addendum

The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies’ (LEAs) actions and expenditures to support student outcomes and overall performance. The LCAP is a three-year plan, which is reviewed and updated annually, as required. Charter schools may complete the LCAP to align with the term of the charter school’s budget, typically one year, which is submitted to the school’s authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.

For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the EC. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school’s charter petition.
For questions related to specific sections of the template, please see instructions below:

For additional questions or technical assistance related to completion of the LCAP template, please contact the local county office of education, or the CDE’s Local Agency Systems Support Office at: 916-319-0809 or by email at: lcff@cde.ca.gov.

Plan Summary

The LCAP is intended to reflect an LEA’s annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year.

When developing the LCAP, mark the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the LCFF Evaluation Rubrics data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to LCFF Evaluation Rubrics means the evaluation rubrics adopted by the State Board of Education under EC Section 52064.5.

Budget Summary

The LEA must complete the LCAP Budget Summary table as follows:

- **Total LEA General Fund Budget Expenditures for the LCAP Year:** This amount is the LEA’s total budgeted General Fund expenditures for the LCAP year. The LCAP year means the fiscal year for which an LCAP is adopted or updated by July 1. The General Fund is the main operating fund of the LEA and accounts for all activities not accounted for in another fund. All activities are reported in the General Fund unless there is a compelling reason to account for an activity in another fund. For further information please refer to the California School Accounting Manual (http://www.cde.ca.gov/fg/ac/sa/). (Note: For some charter schools that follow governmental fund accounting, this amount is the total budgeted expenditures in the Charter Schools Special Revenue Fund. For charter schools that follow the not-for-profit accounting model, this amount is total budgeted expenses, such as those budgeted in the Charter Schools Enterprise Fund.)

- **Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for the LCAP Year:** This amount is the total of the budgeted expenditures associated with the actions/services included for the LCAP year from all sources of funds, as reflected in the LCAP. To the extent actions/services and/or expenditures are listed in the LCAP under more than one goal, the expenditures should be counted only once.

- **Description of any use(s) of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP:** Briefly describe expenditures included in total General Fund Expenditures that are not included in the total funds budgeted for planned actions/services for the LCAP year. (Note: The total funds budgeted for planned actions/services may include funds other than general fund expenditures.)
• **Total Projected LCFF Revenues for LCAP Year:** This amount is the total amount of LCFF funding the LEA estimates it will receive pursuant to *EC* sections 42238.02 (for school districts and charter schools) and 2574 (for county offices of education), as implemented by *EC* sections 42238.03 and 2575 for the LCAP year respectively.

### Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's* approved LCAP. Minor typographical errors may be corrected.

* For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

### Annual Measurable Outcomes

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

### Actions/Services

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the actual actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

### Analysis

Using actual annual measurable outcome data, including data from the LCFF Evaluation Rubrics, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

### Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. *EC* identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. *EC* requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, *EC* Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

**Instructions:** The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, mark the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.
School districts and county offices of education: Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA’s local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Charter schools: Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

Goals, Actions, and Services
LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

School districts and county offices of education: The LCAP is a three-year plan, which is reviewed and updated annually, as required.

Charter schools: The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

New, Modified, Unchanged
As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

Goal
State the goal. LEAs may number the goals using the “Goal #” box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

Related State and/or Local Priorities
Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. (Link to State Priorities)

Identified Need
Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the LCFF Evaluation Rubrics, as applicable.

Expected Annual Measurable Outcomes
For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the LCAP Template Appendix, sections (a) through (d).
**Planned Actions/Services**

For each action/service, the LEA must complete either the section “For Actions/Services not contributing to meeting Increased or Improved Services Requirement” or the section “For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement.” The LEA shall not complete both sections for a single action.

**For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement**

**Students to be Served**

The “Students to be Served” box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by checking “All”, “Students with Disabilities”, or “Specific Student Group(s)”. If “Specific Student Group(s)” is checked, identify the specific student group(s) as appropriate.

**Location(s)**

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

*Charter schools* operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

**For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:**

**Students to be Served**

For any action/service contributing to the LEA’s overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see Demonstration of Increased or Improved Services for Unduplicated Students section, below), the LEA must identify the unduplicated student group(s) being served.

**Scope of Service**

For each action/service contributing to meeting the increased or improved services requirement, identify scope of service by indicating “LEA-wide”, “Schoolwide”, or “Limited to Unduplicated Student Group(s)”. The LEA must select one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, place a check mark next to “LEA-wide.”
- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, place a check mark next to “schoolwide”.
- If the action/service being funded and provided is limited to the unduplicated students identified in “Students to be Served”, place a check mark next to “Limited to Student Groups”.

*For charter schools and single-school school districts*, “LEA-wide” and “Schoolwide” may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use “LEA-wide” to refer to all schools under the charter and use “Schoolwide” to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use “LEA-wide” or “Schoolwide” provided these terms are used in a consistent manner through the LCAP.
**Location(s)**
Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

**Actions/Services**
For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the “Action #” box for ease of reference.

**New/Modified/Unchanged:**
- Check “New” if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.
- Check “Modified” if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.
- Check “Unchanged” if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.
  - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may check “Unchanged” and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

**Note:** The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

Charter schools may complete the LCAP to align with the term of the charter school’s budget that is submitted to the school’s authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the “Goals, Actions, and Services” section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

**Budgeted Expenditures**
For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by EC sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted expenditures are aligned.
Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the “Demonstration of Increased or Improved Services for Unduplicated Students” table and mark the appropriate LCAP year. Using the copy of the table, complete the table as required for the current year LCAP. Retain all prior year tables for this section for each of the three years within the LCAP.

Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to California Code of Regulations, Title 5 (5 CCR) Section 15496(a)(5).

Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities.

- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are the most effective use of the funds to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are principally directed to and how the services are the most effective use of the funds to meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under EC sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

(a) “Chronic absenteeism rate” shall be calculated as follows:

(1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where “chronic absentee” means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.

(2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

(3) Divide (1) by (2).

(b) “Middle School dropout rate” shall be calculated as set forth in 5 CCR Section 1039.1.

(c) “High school dropout rate” shall be calculated as follows:

(1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.

(2) The total number of cohort members.

(3) Divide (1) by (2).

(d) “High school graduation rate” shall be calculated as follows:

(1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.

(2) The total number of cohort members.

(3) Divide (1) by (2).

(e) “Suspension rate” shall be calculated as follows:

(1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).

(2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

(3) Divide (1) by (2).

Prepared by the California Department of Education, October 2016
